

GEOPRAC.NET Privacy Policy

Effective Date: March 1, 2007

The following Privacy Policy governs the online information collection practices of GEOPRAC.NET owned by Randy Post (â€œweâ€ or â€œusâ€). Specifically, it outlines the types of information that we gather about you while you are using the GEOPRAC.NET website (the â€œSiteâ€), and the ways in which we use and donâ€™t use this information. This Privacy Policy, including our childrenâ€™s privacy statement, does not apply to any information you may provide to us or that we may collect offline and/or through other means (for example, via telephone, or through the mail).

Please read this Privacy Policy carefully. By visiting and using the Site, you agree that your use of our Site, and any dispute over privacy, is governed by this Privacy Policy and our [Terms of Use](#)

Because the Web is an evolving medium, we may need to change our Privacy Policy at some point in the future, in which case weâ€™ll post the changes to this Privacy Policy on this website and update the Effective Date of the policy to reflect the date of the changes. By continuing to use the Site after we post any such changes, you accept the Privacy Policy as modified.

What Information is Collected About Visitors?

The information that we collect about you while you are using the Site falls into two general categories:

1. Information You Provide to Us.

Privacy Policy

We may collect and store information, personal or otherwise, that you voluntarily supply either while on the Site or in responding via email in connection with a feature provided on the Site. Some examples of this type of information include demographic information that you electronically submit when you sign up for access to certain features on the Site, information (such as your name or email address) that you electronically submit when you register for the Site or information you post in comments. If you decline to supply or provide us with certain information while using the Site, you may not be able to use or participate in some or all of the features offered through the Site.

2. Information that is Automatically Collected.

We also collect and store information that is generated automatically as you navigate through the Site. For example, to enhance your experience on the Site, we use a standard feature found in browser software called a "cookie." Cookies are small files that your web browser places on your hard drive for record-keeping purposes. By showing how and when visitors use the Site, cookies help us track user trends and patterns. They also prevent you from having to re-enter your preferences on certain areas of the Site where you have entered preference information before. GEOPRAC.NET may also use web beacons (single-pixel graphic files also known as "transparent GIFs") to access cookies and to count users who visit the Site or open our HTML-formatted email messages. Another example of information that we automatically collect as you navigate the Site is information about your computer's connection to the Internet. This information allows us, among other things, to improve the delivery of our web pages to you and to measure traffic on the Site.

In addition, third party advertisers or third party ad servers that place and present advertising on the Site also may collect information from you via cookies, web beacons, clear .gifs or similar technologies. These third party advertisers and ad servers may use the information they collect to help present their advertisements, to help measure and research the advertisements' effectiveness, or for other uses. The use and collection of your information by these third party advertisers and ad servers is governed by the relevant third party's privacy policy and is not covered by our privacy policy. Indeed, the privacy policy of these third party advertisers and ad servers may be different from our privacy policy. If you want more information about the privacy policies of these third party advertisers and ad servers or want more information on how to opt-out of the cookies or web beacons that some advertisers and ad servers may use, [click here](#).

How is this Information Used?

We use the information we collect from you while you are using the Site in a variety of ways, including using the information to customize features and advertising that appear on the Site. We also may provide anonymous user statistics to third parties, such as service providers, contractors, and advertisers, for a variety of purposes. For example, we may provide our advertisers with information about our visitors that will enable our advertisers to better target ads to specific types of visitors.

We reserve the right to use and to disclose to third parties all of the NON-IDENTIFYING information that we collect online about you and other visitors in any way and for any purpose, with one important exception. We will not use the information that we collect online from you while you are using the Site, nor will we authorize third parties to use such information, to mail or email promotional offers directly to you. At a later date, GeoPrac.net may offer newsletter subscriptions on an opt-in basis only.

Please also keep in mind that whenever you voluntarily make your personal information available for viewing by third parties online – for example on article or news comments, through email or private messages between other members – that information can be seen, collected and used by others besides us. We cannot be responsible for any unauthorized third party use of such information.

The Site includes links to other websites and provides access to products and services offered by third parties, whose privacy policies we do not control. When you access another website or purchase third party products or services through the Site, use of any information you provide is governed by the privacy policy of the operator of the site you are visiting or the provider of such products or services.

Be aware that we may occasionally release information about visitors when release is appropriate to comply with law, to enforce our [Terms of Use](#) agreement, or to protect the rights, property or safety of users of the Site, the public, or GEOPRAC.NET.

Please also note that as our business grows, we may buy or sell various assets. In the unlikely event that we sell some or all of our assets, or our site is acquired by another company, information about our visitors may be among the transferred assets.

How To Make Changes to Your Information

If you have subscribed to one or more of our email newsletters, you may change your subscriber information, modify your subscriptions, and/or unsubscribe from these newsletters at any time by visiting GEOPRAC.NET, logging in, and clicking on the "My Account" link in the menu.

Questions Regarding Privacy

If you have questions or concerns about this Privacy Policy, our privacy practices, or your dealings with us, please contact us by writing to:
